

# Akoya Biosciences Spatial Phenotyping Solutions

## “From Spatial Discovery to Spatial Signatures, at Scale”

**Data:** Giovedì 7 Aprile 2022

**Orario:** 14.00 – 16.00

**Speaker:** Ivan Masetto, Field Application Scientist (Akoya)  
Dusan Zencak, PhD, Territory Manager (Akoya)

**Luogo:** Univ. Verona  
Piastra Odontoiatrica – Aula 3  
Piazzale L. Scuro 10

Join this on-site seminar, exclusively for University of Verona researchers, to learn how you can scale up your spatial discovery efforts and rapidly translate those discoveries into actionable spatial phenotypic signatures.

Akoya Biosciences offers two comprehensive solutions, PhenoCycler™ (formerly CODEX®) and PhenoImager™ (formerly Phenoptics™). Both platforms can map every cell, across every tissue, in just a few minutes.

Register for this symposium to discover how these technologies can accelerate your research.
